

PRESS RELEASE

Olean Area Residents

Starting August 7, 2017, as part of the Wayne Street remediation from N 1st to N 9th Streets, the City of Olean Department of Public Works will be continuing street work on Wayne Street from N 9th St to N 12th St. We will also be undertaking street work on Buffalo Street, in conjunction with the ongoing work being done by NYS DOT.

This work will involve grinding and paving/milling the street, curb work, and sidewalk ramps. The streets will remain open to traffic but will be congested at times. Motorists are encouraged to take alternate routes around both Buffalo Street and Wayne Street, where possible.

These street improvements are anticipated to be completed within the month, weather permitting.

Thank you for your patience as these important street improvements are undertaken.

Please call City of Olean DPW if any questions (716) 376-5650.
