

Change expired/new credit cards:

Login to our online bill payments website, <https://www.municipalonlinepayments.com/oleanny/>

Click on the Green circle icon in the upper right corner

Select the “Payment Info” option:

If you currently have a credit card in the system, it will show at the top (highlighted), here you can delete the expired credit cards by clicking on the trashcan on the right. There currently is no way to edit just the security code on your card. If you have the same card number with a new 3-digit security code, you will want to delete the old card and use the form below to re-add your current card with the new security code.
