A Certified Transcript is an abstract from the marriage record issued under the seal of the town/city clerk. It includes the names of the contracting parties, their residence at the time the license was issued, date and place of marriage as well as data and place of birth of the bride and groom.		A Certified Copy includes all of the items of information occurring on the original record of the marriage.	
A Certified Transcript may be used as proof that a marriage occurred.		A Certified Copy may be needed when proof of parentage and certain other detailed information may be required such as passports, veteran's benefits, court proceedings, or settlement of an estate.

## **Who is eligible to obtain a marriage certificate copy?**

- The spouses
- Other persons who have a:
  - documented judicial or other proper purpose
  - New York State Court Order

## **What is a judicial or other proper purpose?**

If the applicant is not a spouse, a judicial or other proper purpose must be documented. An example of a judicial or other proper purpose would be a marriage record needed by the applicant to claim a benefit. Documentation would consist of an official letter from the agency verifying that to process the claim they require from the applicant a copy of the requested marriage record.
