The date, time, and place of the Bid Opening shall remain unchanged. The Bid Opening date is **Tuesday, February 6, 2024 at 2:00 P.M.**

CITY OF OLEAN

William Aiello
Mayor

The undersigned bidder acknowledges receipt and understanding of Addendum No. 1

_____, 2024

Authorized Signature
Name of Company

MODIFICATIONS TO THE CONTRACT DOCUMENTS AND/OR DRAWINGS

1. In the Proposal section of the Contract Proposal Book, **REMOVE** pages BSF-1 of BSF-27 through BSF-27 of BSF-27 and **REPLACE** them with new pages BSF-1 of BSF-27 through BSF-27 of BSF-27 (ADD1-4 of 30 through ADD1-30 of 30) issued with this Addendum.
2. In the Contract Plans, MODIFY drawing number MST-7-11, Sheet 35, ADD Item Number 670.0110 Foundations for Light Standards, 10 Feet Long for each of the relocate lamp posts identified as LP1-1, LP2-1, LP2-2, LP2-3 and LP2-4. Quantities have been added to revised bid forms in this addendum. Revised plan sheet will not be issued at this time.

Clarification to the Contract Drawings based on questions recieved

1. I am unable to find the info for the 60" Dia manhole. If you have any info on that please let me know!
Response: The 60" manhole is depicted on UTL-4. Also, included on the drainage table, Contractor is to field verify elevations prior to ordering structure.
2. Will the City of Olean require electrical permits for the lighting installation?
Response: No separate permit will be required. However, coordination with City Electrician will be necessary for any lighting installation work.
3. Item 680.7900011 – REMOVE TRAFFIC SIGNAL INSTALLATION has a prefilled value of \$1.00 EA on the bid sheets. I believe this to be an error given the scope of work required for this item.
Response: Replacement Bid Forms have been issued to resolve this item.
4. Item 670.90 – RELOCATE LAMPPOST ASSEMBLY does not include the new concrete foundation according to NYSDOT Standard Specifications. These 5 relocated lampposts are not included in the table on MST-7 to receive a new foundation (Item 670.0110). Further, LP 2-7 is likewise missing its foundation item 670.0110.
Response: Foundations have been added by this addendum.
5. The Item 604.406 manhole has a quantity of -0-. Please advise.
Response: Quantity has been added to revised bid forms.
6. We are not sure where the Item 608.020102 blacktop items are located? Please advise.
Response: This item is utilized for driveway apron restoration.
7. We are not sure of where the Items 609.0405 and 609.0407 curb items are located. Also, we don't see any details. Please advise.

Response: These items are used along the edge of roadway, roundabout and medians, please see curb tables on MST-8 Sheet 36 for locations and Typical sections for installation detail.

8. Should the Item 610.1402 topsoil-roadside item be Item 610.1403 topsoil lawns? Please advise.

Response: No

9. See attached RFI PDF.

Response: Item 619.1301 has been added to the revised bid form.

10. Regarding Item 601.0402001: Do you know what color they are looking for? In NYC shared use pathways / Pedestrian walkaways are Truffle. We also have two grey shades. I've attached the color palette in case you have any questions.

Response: As indicated on the LA plans the color is to be green, MUTCD compliant for bicycle markings.

11. Are these just walkways, or are there any bike lanes/ bus lanes?

Response: Project is installing a shared use path behind the curb along the north side of E. State Street.

12. Is this going over asphalt or concrete?

Response: Material is concrete

13. Alternative 4 – I believe that Items 697.03, 698.04 and 698.05 should have stated dollar amounts. Please advise.

Response: Revised bid form has been issued.
