

CITY OF OLEAN

GARBAGE STICKER POLICY

Guidelines for the City of Olean garbage sticker program:

There are two sticker sizes: 15-gallon sticker and 30-gallon sticker.

If you are placing bags at the curb without a can:

- Each bag must be stickered properly.
- A 13-15 gallon bag (usually white kitchen bags) will require one green 15-gallon sticker.
- A 30 gallon bag (usually black) requires one pink 30-gallon sticker.
- A 45 gallon bag would require one pink 30-gallon sticker and one green 15-gallon sticker.

If you are using a can for pick up:

- The amount of stickers you need depends on the gallon size of the can you are using and how full it is.
- If you have a 30 gallon can, you will need one pink 30 -gallon sticker (trash must be below or even with the rim).
- If you have additional bags above the rim of the can they would then need to have an additional sticker on each bag determined by the bag size.
- If you have a 45-gallon can, you will need one 30-gal sticker and one 15-gal sticker (trash must be below or even with the rim).

Stickers must be placed on bags; NOT cans.

Recycling will only be picked up if there is stickered garbage out too.

Bags over 50 lbs. will not be picked up.
